

2019-2020 HEALTH & SAFETY POLICY

The Directors of Security Keyholding Ltd recognise their duty under law to ensure, as far as is reasonably practicable, the health, safety, and welfare of all its employees whilst at work.

The Company's policy is to provide and maintain safe and healthy working conditions, equipment and systems of work, for all its employees and to provide such information, instruction, training, and supervision as may be required for this purpose. The approach will be based on the identification, assessment, and control of risks.

The Directors believe in the active participation of every member of the Company in promoting, achieving, and maintaining the highest possible standards of accident prevention, as far as this is reasonably practicable.

Arrangements for carrying out the policy will incorporate consultation with appropriate employees or their safety representatives, and reference will be made to practical guidelines and approved codes of practice.

The policy, organisation, and arrangements will be reviewed and updated, to ensure objectives are achieved, as often as may be appropriate. Any revision will be published by the Company and brought to the notice of all employees.

All employees have a duty to take reasonable care of the health and safety of themselves and that of others who may be effected whilst at work, and co-operate fully with the Company in all safety related matters.
